Subject: Second Saturday

Please let you classes know that we will have second Saturday in April. We plan on planting at Restore Hope and Burroughs. The garden has been built at Burroughs and the dirt will be delivered this next Friday. I am currently talking to Altamont to see if we can build a smaller one in their back yard. If we can, hopefully we will do that as well.

Saturday April 11th at 8:30 till noon. Meet at the South parking lot of the church. Our primary goal is Restore Hope and if we have a bunch of people I will assign Burroughs and Altamont. Altamont is just in the working stage so it may not be ready. Please bring your own gloves, I will supply the tools necessary. No gardening knowledge needed just the ability to work. We will supply all materials (Plants).

Thanks for your support!!!
